

The diagram is an hourglass shape representing the layers of a network protocol stack. It is divided into seven horizontal sections. The top section is yellow and contains the text 'email WWW phone...'. The second section is light blue and contains 'SMTP HTTP RTP...'. The third section is light green and contains 'TCP UDP...'. The narrowest section in the middle is light pink and contains the text 'IP'. The fourth section is light green and contains 'ethernet PPP...'. The fifth section is light blue and contains 'CSMA async sonet...'. The bottom section is yellow and contains 'copper fiber radio...'. The entire hourglass is outlined in black. Above and below the hourglass are horizontal bars with a wood-grain texture.

email WWW phone...
